MEMO TO FILE:

Re: DOE/037/003
GLEN A. SHUMWAY
V8-#6 -(Butler Wash)
San Juan County, Utah

This operation was inspected December 2nd to determine whether it was within the limits of being classified as an operation exempt from the Utah Mined Land Reclamation Act.

The operator filed with the Division stating that this underground uranium mine would disturb less than 2 acres per year in surface area. The mine is one which has been owned for a number of years by the Shumway family and is operated by 1 or 2 men.

The location is immediately adjacent a small dry wash and an unimproved road leads up to and past the mouth of the mine. The surface area disturbed in roads and dump area appears to be 1 to 1½ acres, therefore it is exempt from the Act. Resultantly, no Mining and Reclamation Plan will be filed by Mr. Shumway.
